Welcome to Breakaway Hockey Dek & Sports, Massachusetts' premier indoor dek hockey, roller hockey and sports facility. Founded by players who love to compete, BHD&S, operates one of the largest sport court surfaces in northern New England surrounded by official hockey dasher boards and glass with regulation nets. In operation since October 2010, BHD&S features dek and roller league play daily and also offers and promotes tournament events both at our facility and throughout the United States and Canada. To further enhance your hockey experience, game stats are tracked and maintained so our players can measure their personal and team performance. Our goal is to offer a superior sporting experience by building on player suggestions and staying focused on our participants. We have leagues for all ages and abilities, and we are available for private parties, rentals and scrimmages. We love our sports and we know you do too so come down, check us out, and join the fun.
